P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

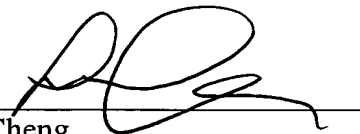

In response to the Notice of Drawing Inconsistency with Specification mailed August 9, 2004, it is noted that on March 15, 2004, a Request for Continued Examination, an Information Disclosure Statement, New Formal Drawings, and a Preliminary Amendment with a substitute specification (Clean and Marked up versions) were filed. In the Preliminary Amendment the applicant canceled Figures 5 and 6 reducing the total number of Figures to 7. The applicant also filed a substitute specification with the preliminary amendment in which the applicant amended the Brief Description of the Drawings to only list Figures 1 through 7. Thus, there is no Figure 8 and the notice is improper. It is respectfully requested that the notice be withdrawn and the allowed application be issued.

For the convenience of the office, we have attached copies of all of the papers filed on March 15, 2004 along with a date stamped and returned postcard as proof of filing. Should there be any questions regarding the application, the Examiner is invited to telephone the undersigned at telephone number listed below.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 18-0013, under Order No. KAN-0110 (80229-0110) from which the undersigned is authorized to draw.

Dated: September 3, 2004

Respectfully submitted,
